

COVID-19 related restrictions for entry into Chile (w.e.f 01/10/2022)

**(A) CHILEAN AND FOREIGN RESIDENTS**

1. There are no travel restrictions.
2. Only Chilean people who return from abroad are tested at random .
3. The International Health Passport (form C19) no longer exists, it is no longer necessary for any traveller to fill in the form.

**(B) IN THE CASE OF NON-RESIDENT FOREIGN TOURISTS**

1. The International Health Passport (Form C19) no longer exists, it will no longer be necessary for any traveller to fill in the form.
2. Entry allowed with a vaccination certificate issued by the country where you were vaccinated plus your identity document.
3. Unvaccinated travellers over 18 years of age must present a negative PCR with a maximum of 48 hours from departure to Chile.
4. It is not mandatory to have Health Insurance, however, it is recommended to travel with one that has coverage for SARS CoV 2 (COVID19).
